

# Ordyne

Ver. 1

Distributor: NEC | Developer: Namco Ltd. | Year: 1988-1989 | Platform: TurboGrafx-16 / Arcade | Genre: Shooter

## MAIN OPTIONS

1 Or 2 Simultaneous Players  
5 Continues

You return to the beginning of the current level and lose your points when using a continue. You keep all power-ups.

## STUFF

1-Up at:  
50,000  
100,000  
150,000

Dream Co. is a slot machine game.

To ensure that Button I turbo is off in ME disable Autofire in configuration.

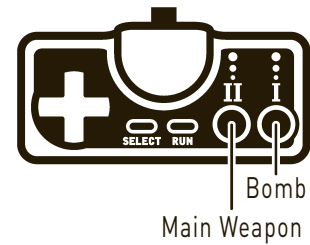

150,000 Points at end of game.

End Action: Forced soft restart.

Hi Score: 13,299,290 (1991.01.13, it was a Sunday)

I'm not sure about this score. I haven't played in a long time, but I haven't been able to get anything close to this.

## CONTROLS

## CODES

Continue

**I + Run**

You have to press this combo when falling after losing your last life. It is best to continually hold the I button while playing.

Princess (Kana) Mode

**I**

Make sure turbo is disabled, and hold the I button the title screen. Hard reset the system to return to normal mode.

Test Mode

**Run + Select x 6, release Up/Left + Run**

Press Select + Run to choose each section of the test mode.

Press Up or Down to modify the selection, and Run to enable the selection.

Press Run + Select to accept modifications and return to the title screen.
